

CBS Adventures Abroad

## Afomia Desalegn // London

### Why should CBS students go abroad?

Do it for the night life in London, the good beer in Scotland, the art in France, the romance in Italy, the islands in Greece... Do it to break the stereotype that CBS students cannot study abroad, have good grades and graduate on time. Do it to encourage other CBS students like you. Trust me, you will not regret it.

### What did you learn or gain from your time abroad?

You've probably heard this from students that study abroad, but I'll say it once more: studying abroad was undoubtedly one of the best decisions of my life. London is home to people from all corners of the globe. Encountering such immense diversity of people and cultures made me realize how incomprehensibly huge our world is. I have learned to appreciate things that I don't completely understand and the unseen depth. Underneath what we see first- underneath all the art, the cities, and the landscape, underneath the good and the bad- there is still so much more that I can learn. Witnessing all of this has helped me gain a greater appreciation for other cultures as well as my own.

### Student Scoop

**Year:** Senior

**Major:** Neuroscience

**Program:** Spring semester at Queen Mary University in London

### Describe your experience in 5 words:

Spontaneous, Eye-opening, Delicious, Self-discovering, Unforgettable

College of  
**Biological Sciences**

UNIVERSITY OF MINNESOTA
